

Life's Little Treasures Foundation Partnerships

BabyBunting

Life's Little Treasures Foundation is proud to call [Baby Bunting](#) its Principal Partner. Since 2015 they've helped us raise awareness and funds which go directly towards supporting the families going through the difficult and life-changing journey of welcoming a premature or sick baby into the world. Baby Bunting understands the importance of providing specialised support to these families, and together, we are making a real impact by helping more families in more ways than ever before.

“ We are very grateful for Baby Bunting's long-standing partnership with Life's Little Treasures Foundation as our Principal Partner and Walk for Prems Presenting Partner. Their support and commitment to our cause has enabled us to deliver products and services to families in need across Australia for almost a decade now. Year after year, the entire team get behind our Walk for Prems initiative, raising vital funds for our organisation while encouraging their customers to do the same – the result is truly heartwarming and incredibly impactful! With Baby Bunting 's support, we are improving lives and making a real difference when it matters most!”

Felicia Welstead, CEO, Life's Little Treasures Foundation

“ The mission of Life's Little Treasures Foundation aligns perfectly with Baby Bunting's purpose - supporting families during those crucial early years of parenting. Through our partnership, we amplify Life's Little Treasures Foundation's vital work, aiding families affected by premature birth and illness, which is nothing short of inspirational.

Each year, we encourage our customers and our team members to make a difference. In our eight years together, we've proudly raised nearly \$2 million, all going to support LLTF's invaluable efforts.

Working with LLTF and the families who share their unique journeys and come together as a community, is why we're passionate about supporting this remarkable community. It's your stories, strength, and unity that breathe life into our cause.

I want to extend our heartfelt thanks to the entire LLTF team for their incredible collaboration with Baby Bunting. Together, we've made a significant impact, and we look forward to continuing our association with LLTF into the future.”

**Mark Teperson,
CEO and Managing Director, Baby Bunting**
